11. Toxicological Information

There is no labelling requirement for this product because of the general rating principles for preparations in the latest edition. With proper handling and when used as directed, according to our knowledge and the information available, this product does not cause any noxious effects.

12. Ecological Information

| | |
|---------------------------------------------|--------------------------------------------------------------------------------|
| Ecotoxicity: | As far as known no adverse effects on aquatic organisms |
| Mobility | No data available |
| Persistence and degradability | As far as known no disadvantageous effects in purification plant are expected. |
| Results of PBT assessment | No data available |
| Other adverse effects | No data available |
| Additional environmental information | No data available |

13. Disposal Considerations

| | |
|---------------------------------------------------------------|-----------------------------------------------------------------------------------|
| Appropriate disposal / Product: | Domestic waste / incinerators which are suitable for material containing silicone |
| Waste codes / waste designations according to EWC/AVV: | 150101 |
| Appropriate packaging: | Domestic waste / incinerators |
| Additional information: | - |

14. Transport Information

| | |
|-----------------------------------------------------|---------------------------------------------------------------------|
| Additional information: | |
| No dangerous good in terms of transport regulations | (GGVS-ADR/GGVE-RID, GGVBinsch ADNR, GGVSsee/IMDG, ICAO-TI/IATA-DGR) |
